

Math114: Analytic Geometry and CalculusII

Instructor: Nacir Hmidouch

Office: Exploratory Hall, 4405

Email: nhmidouc@gmu.edu

Office hours: TTH 10-11am and by appointment.

Text: Thomas Calculus: Early Transcendentals, 14th Edition, by Hass, Heil, and Weir. Please note that MyMathLab access code is not required (optional).

Course Requirements: A minimum grade of C or better in math (113 or U113) or math (123 and 124)

Material: We will cover Chapters 6-11.

Grading: Your grade for the course will be calculated based on three exams, quizzes, and a final exam. Each exam is worth 100 points, quizzes is worth 50 points, and the final exam is worth 150 points (comprehensive).

The sum of these grades divided by 5 will determine your final grade according to the scale: A-: 90-92, A: 93-95, A+: 96-100; B-: 80-82, B: 83-85, B+: 86-89 ; C : 70 -75, C+: 76-79; D : 60 -69; F : 0 -59.

Make-up Exams: If you are unable to be in class on the day of a test you must notify me beforehand (in person or by-mail) to make arrangements for a make-up test. The make-up test will be different and more difficult than the in-class test.

Makeup exams will only be given to students with an acceptable excuse. All absences require documentation.

Make-up Quizzes: Makeups will not be given for quizzes. I will drop the lowest two quiz grades, including any of the quizzes which you miss.

Calculators: No calculators will be allowed.

Honor Code: Sharing information of any kind about exams is an Honor Code violation. Any violations will be referred to the Office of Academic Integrity.
