

**Stearns Center**

**Mini-Course:**

# **INCLUSIVE TEACHING FOR STEM GRADUATE STUDENTS**

## **About the Mini-Course**

Join the Stearns Center for Teaching and Learning and build community with other STEM graduate students as we discuss how to create teaching and learning spaces that support *all* students, instructors, and TAs/graders. All STEM graduate students, whether current TAs or hoping to have a future grader, TA, or instructor of record position, are welcome!

## **Program Details**

- Open to graduate students in STEM-related programs
- Continue to develop your inclusive teaching skills to support all students in your classes
- Attend 3 workshops in Fall 2025
- Eligible to earn an Inclusive Teaching for STEM Graduate Students Mini-Course Certificate
