

Overview

Graduate Research Fellowships will be awarded to two master's and two doctoral students for the academic year 2023-2024. The Fellowship enables a more inclusive graduate academic experience - incorporating learning, teaching and research - by providing more opportunities for Environmental Science and Policy (ESP) graduate students to serve as Graduate Research Assistants (GRAs). Interested students should apply by identifying their area of environmental research interest and will be selected on the basis of academic merit and financial need. Preference will be given to students expressing interest in how human populations impact environmental sustainability.

Eligibility Criteria

- Applicants must be enrolled in the Environmental Science and Policy Master's program or Environmental Science and Public Policy Doctoral Program.
- Previous experience as a GTA or equivalent
- Must have maintained a GPA of 3.0 or higher
- **Masters Students:** Must have an advisor and approved research proposal.
- **Doctoral Students:** Must have completed required coursework (in-progress courses count toward the completed coursework), an advisor/committee chair, an approved dissertation proposal and must have advanced to candidacy or plan to advance to candidacy in the semester they are applying (Spring 2022).

Application Process

Students must submit the following materials by **5:00pm, Tuesday, May 30, 2023.**
