

EVPP 505-202/POGO 750-021:

Introduction to Energy Law

INSTRUCTOR:
Paul Bubbosh

SPRING 2022
3 CREDITS

Face to Face
Arlington Campus

DATE OF WEEK
TIMES:
Wednesdays,
7:20-10 PM

The road to addressing climate change goes through energy. This course will provide an overview of the major laws and policies that shape and regulate the complex energy system in the United States and, to a lesser degree, the world.

This class takes a client-based approach to learning by addressing real, actual issues in Virginia. The class features a book club, published blogs, short policy papers, and legal discussions.
