Interdisciplinary Program
in Neuroscience

## Doctoral Dissertation Committee (Form \#2)

A dissertation committee is formed by the student with the consent of the dissertation director, the graduate director, and the COS Dean. In accordance with Graduate Policies AP6.10.5: The committee is to consist of a minimum of three graduate faculty members including the dissertation director and committee chair (who is usually the dissertation director). At least two members must be from the neuroscience program, at least two members must be in COS and no more than three members can be in the same department.
