- Mason Catalog <https://catalog.gmu.edu/>  
(Program policies and requirements, course information, etc.)
- Stellar Log into [Patriot Web](https://patriotweb.gmu.edu) (<https://patriotweb.gmu.edu>), then click on the Student Services tab or link:  
(Degree evaluation system – check for current standing in the program, list of requirements and their completion status)
- Patriot Connect: <https://masonconnect.my.salesforce.com/> (schedule appointments with your advisors)
- Academic credit by exam <https://www2.gmu.edu/admissions-aid/apply-now/how-apply/transfer/transfer-credit-policy>  
(Transfer credit policies regarding AP Exams, International Baccalaureate, Advanced-Level Examinations)
- Mason Core <https://catalog.gmu.edu/mason-core/>  
(List of courses that satisfy the Mason Core requirements)
- Math Placement Test <https://science.gmu.edu/academics/departments-units/mathematical-sciences/mathematical-sciences-testing-center>
- Math Tutoring Center <https://science.gmu.edu/academics/departments-units/mathematical-sciences/math-tutoring/tutoring-center-hours-and>
- If you plan to be a teacher, to obtain your teaching licensure, you can complete an accelerated Master of Education degree together with your BA or BS degree. For information about this, please contact Melissa Raeder ([mraeder@gmu.edu](mailto:mraeder@gmu.edu)) at the College of Education and Human Development (CEHD). For questions and inquiries email: [preteach@gmu.edu](mailto:preteach@gmu.edu).
- If you plan to pursue a BS Mathematics degree with one of the available concentrations (Pure Mathematics, Applied Mathematics, Actuarial Mathematics, Data Science, Mathematical Statistics, Individualized), you will need to submit a Change/Declaration of Academic Program form. You can submit this form at any moment before the last semester of your course of study when you need to apply to graduate.
- You will need to complete at least 45 credits of upper division courses (i.e., courses numbered 300 and above).
