

Physics 703 (Spring 2022) – Seminars in Physics

Fridays (twice a month) 3:30pm-4:30 pm.

Instructor: Fereshte Ghahari (fgbahari@gmu.edu), Erdal Yigit (eyigit@gmu.edu)

Course description:

This is a seminar series with an invited speaker. The purpose of the seminars is to provide students with exposure to cutting-edge research and give them the chance to meet with speakers from other institutions.

Seminars:

- Seminars will be conducted through an online platform via zoom on the following dates:

March 4
March 25
April 1
April 22

- Seminars can be accessed via this link:
<https://gmu.zoom.us/j/95076379486>
please copy and paste this link into your web browser to start). You can also find the zoom links in blackboard under zoom.

Reports:

As part of this course, you are required to provide 4 written reports of the talks including objective (what and why), methodology (how), results and conclusion. This is due at the end of semester.

Attendance:

Students are required to attend seminars.

If you are a student with a disability and you need academic accommodations:

Please see me and contact the Office of Disability Services at 703-993-2474. All academic accommodations must be arranged through that office. Students must inform the instructor at anytime during their enrollment and the specific accommodation will be arranged through ODS.
