- **Required Text:** H.J. De Blij, P. O. Muller, & J. Nijman. (2013). *Geography: Realms, regions and concepts* (16th ed.). Hoboken, NJ: Wiley.

## 2. Course Description (3 credits)

This course provides a survey of cultural, physical, and societal aspects of major world regions. We will examine how forces across various scales, from local to global, shape the character of place and shape. Furthermore, we will explore how regions differ from one another, are similar to one another, and interact with/interrelate to one another in today's globalizing world. Acquiring a familiarity with and a foundation in the geography of the major world regions allows us to ask more critical questions about the unevenness of various geographical processes and patterns on the landscape in addition to reflecting on our own role in the larger world.

THIS COUSE SATISFIES THE GLOBAL UNDERSTANDING REQUIREMENT FOR THE MASON CORE.

## 3. Learning Outcomes

- Use geographic tools and data sources to profile place and read and interpret information on maps, charts, and photos
- Identify and describe how humans interact with and adapt to their environment
- Describe world regions based on physical, cultural, and economic traits
- Explain similarities, differences, and interdependencies among world regions across multiple scales
- Identify the distribution of patterns of human and physical geographical features across the globe and describe the geographical processes that explain said patterns

## 4. Expectations of Being an Online Student

- CHECK AND READ YOUR MASON EMAIL DAILY. Not reading email during an
  online course is equivalent to not showing up for class and missing important
  announcements. The Announcements tab on Blackboard has a record of all email
  communication.
- REACH OUT IF YOU ARE STUCK. If you don't let me know you are struggling, I
  cannot assist. \*\*If you encounter any accessibility concerns or have
  accommodations that I need to know about, please get in touch with me promptly\*\*
- STAY ORGANIZED AND BE METHODICAL. It is up to you to work through all the
  information located in each Weekly Module on Blackboard and to make sure everything
  is submitted on time.
- **SHOW RESPECT** for your classmates and myself when interacting virtually; I will do the same. <u>Keep in mind that we are all communicating virtually and without visual cues, like what would be seen in face-to-face interactions, it is very easy to misinterpret how something is being 'typed' when that never is the case.</u>

## 5. Office Hours/Blackboard Collaborative Ultra

Blackboard Collaborative Ultra will be used weekly for my <u>online office hours</u> that are listed in Section 1. I, every week will create a new session that will act as my office hours. Students can feel free to ask questions or do anything that one would normally do during face-to-face office hours. *If you feel more comfortable with it being private, just let me know and we can schedule a separate time.* These one hour sessions will **NOT** be lectures, so there is no need to join the session if you don't need too. In fact, I reply to emails so quickly, I've yet to have anyone utilize my virtual office hours in any other of my courses.

To access, go to the course in Blackboard, Select Tools from the Blackboard Course Menu, then select "Blackboard Collaborate Ultra".

There is an option to use Audio, Camera, and/or type (like a chat). You do not need to set up your camera unless you want too (mine won't be). Most sessions should take place using the chat but sometimes it may be easier for me to explain something using my microphone or sharing my computer screen. If there are any questions about this refer to the Course Resources section.

Grade Cutoffs by Points

In order to be fair to all students, the grade cutoffs above, will be FULLY respected.

It is your responsibility to check grades as soon as they are posted on Blackboard. If you feel there is an issue with your grade, *you must contact the professor by email within 48 hours of* 

<u>the grade being posted</u> to discuss. No assignment grades will be posted until <u>ALL</u> are graded, in which they will all be released at the same time. All assignments will be graded within a week and a half of the due date, unless otherwise noted due to extenuating circumstances on my end.

### **ORIENTATION QUIZ & POST (50 pts)**

Orientation quiz (worth 25 points) is multiple choice and/or True/False. Orientation discussion post (worth 25 points) description on Blackboard.

### **DISCUSSIONS (100 pts)**

There are 3 discussions aside from the Orientation discussion. See Blackboard for prompts. You MUST make an initial post to the discussion board and respond to the posts of **two (2) classmates** for each discussion. Graded on a rubric. <u>DO NOT submit your discussion post as a file.</u> It should be typed directly in the textbox.

### **HOMEWORK ASSIGNMENTS (200 pts)**

There are 3 homework assignments. See Blackboard for specific directions and rubrics. All homework is required and are to be completed individually.

<u>All assignments must be submitted on Blackboard.</u> Save assignments as <u>Word documents</u> OR <u>PDFs</u> and upload to Blackboard. It is your responsibility to check that the assignment displays properly when uploaded. I grade how it appears on Blackboard, including blank documents.

You are responsible for following the directions and making proper and timely submission. If you have a technical issue and cannot submit via Blackboard, you <u>MUST</u> email a copy of the assignment to the professor <u>BEFORE</u> it is due so the professor can consider it for credit. Avoid having to do this by submitting early!

For writing-based homework assignments, you will have two submission opportunities so you can submit your work once and view the University's plagiarism checker SafeAssign report, make necessary corrections, and resubmit. The most recent submission is what will be graded. Plagiarism is treated seriously in compliance with university policy (see Academic Integrity).

### FINAL PROJECT (250 pts)

The final project has two parts: a paper and a Google Map. See Blackboard for specific directions, tutorial, and rubric. If you do not have a google account and do not want to sign up for a free account to use for this project, it is your responsibility to notify me <u>As Soon As Possible</u> so I can provide you with an alternative.

### EXAMS (300 pts)

There are 3 exams and they are multiple choice and/or True/False. Unless otherwise stated, you have one attempt to take each exam. You may use resources to assist you take the exams. Exam content is derived from all learning materials pertaining to given modules, including readings, videos, links, etc; therefore, you should take the exam after engaging with <u>all</u> of the learning materials. Exams are not cumulative but the final exam is partially cumulative.

### FINAL EXAM (100 pts)

Half of the final exam questions are cumulative and half of the questions pertain to Russia and Oceania. It occurs online during the final exam time period that appears on the schedule below. It is made up of multiple choice and/or True/False questions.

#### **EXTRA CREDIT**

If extra credit opportunities arise throughout the course of the semester, they will appear in the Extra Credit Opportunities folder on Blackboard. See also Late Work Policy.

Do not send an email requesting any type of extra credit in order to increase a grade, it will be denied.

#### LATE WORK POLICY

At the start of the semester you <u>have 2 late work tokens</u>. Late work tokens can be used on the following: homework assignments, and discussion posts and replies (if you submit your initial post on time but fail to complete the required response(s), you can use a late token for the response portion of the discussion).

You may NOT use a late token for any orientation quiz or orientation discussion, exams, including the final exam or final project.

Using your late tokens enables you to turn in 2 items (see list of approved items above) **up to 48 hours** past the original due date without penalty. When using a late token, turn in/complete your item on Blackboard as usual and the professor will see it was turned in/completed late and record your use of the late token(s) and grade the item(s) accordingly. If something is submitted past the 48 hour extension or you run out of late tokens, 10% will be deducted for each day it is late. Nothing will be accepted if it is submitted more than a week late from the original due date.

#### Example:

If a homework assignment is due to Blackboard on Sunday at 11:59 pm and:

- You turn it in on Monday at 12:03 am, this will be considered late and I will mark down that you used a late token
- You turn it in on Tuesday 10:46 am, this will be considered late and I will mark down that you used a late token
- You turn it in on Wednesday 7:13 am and you have a late token, a late token will be used along with a 10% deduction
- You turn it in on Wednesday 7:13am with no late tokens left, 10% deduction will happen for EACH day it's late.

If you need an extension due to extenuating circumstances that are recognized by the university, it is your responsibility to contact the professor by email to inquire about an extension *prior to the original due date; this does not guarantee an extension.*Each <u>unused</u> late token, at the end of the semester is worth 5 extra credit bonus points.

## 7. Email Policy

In compliance with a University-wide initiative, correspondence between instructors and students must only occur through GMU assigned email accounts. If you email me from a non-GMU email account, I will either not respond or I will respond letting you know to use your GMU email. I reply to all emails within 24-36 hours, but often much sooner. I am available by email Monday – Friday until 6pm each day. Communication during the weekend or on University holidays is left up to the discretion of the instructor. I will try my best to read my emails at least once during the weekend, if possible. IT IS ESPECIALLY ESSENTIAL FOR AN ONLINE COURSE THAT YOU CHECK YOUR GMU EMAIL DAILY, PREFERABLY MULTIPLE TIMES A DAY. I PRESUME THAT ALL EMAILS I SEND ARE READ AND COMPREHENDED IN THEIR ENTIRETY.

COMPREHENDED IN THEIR ENTIRETY.

You MUST include these few basic elements in any and ALL email correspondence so I can

Subject Line: Course # AND Section # (example: GGS 101 DL1)

Quick salutation (example: Hi Sarah)

Body that clearly explains the question or problem you have

Closing with first AND last name

## 8. Technology Requirements

quickly address your concern:

You need reliable access to a computer with a reliable internet connection. You need speakers or headphones to hear recorded content; transcripts/subtitles are also available. You need a working Blackboard account, GMU email account, and access to Microsoft Word. If you have trouble viewing any content, please try viewing it on an alternative web browser. You may need to install Flash Player, Adobe Acrobat Reader, and Windows Media Player. Consult with IT Services for information about free downloads: <a href="https://its.gmu.edu/find-a-service/">https://its.gmu.edu/find-a-service/</a>.

Good pages to look at using the link above are the 'Start here with the basics!' and 'How do I join a session?'

## 11. University Policies

### TITLE IX

As a faculty member, I am designated as a "Responsible Employee," and must report all disclosures of sexual assault, interpersonal violence, and stalking to Mason's Title IX Coordinator per University Policy 1412. If you wish to speak with someone confidentially, please contact one of Mason's confidential resources, such as Student Support and Advocacy Center (SSAC) at 703-380-1434 or Counseling and Psychological Services (CAPS) at 703-993-2380. You may also seek assistance from Mason's Title IX Coordinator by calling 703-993-8730, or emailing <a href="mailto:titleix@gmu.edu">titleix@gmu.edu</a>.

### **DIVERSITY STATEMENT**

GMU promotes a living and learning environment for outstanding growth and productivity among its students, faculty, and staff. Mason strives to maintain a quality environment for work, study, and personal growth. An emphasis upon diversity and inclusion throughout the campus community is essential to achieve these goals. Diversity includes, but is not limited to, race, ethnicity, gender, religion, age, disability, and sexual orientation. Diversity also entails different viewpoints, philosophies, and perspectives. Attention to these aspects of diversity will help promote a culture of inclusion and belonging, and an environment where diverse opinions, backgrounds and practices have the opportunity to be voiced, heard, and respected.

#### **ACADEMIC INTEGRITY**

George Mason University has an Honor Code with clear guidelines regarding academic integrity and all students are expected to adhere to the Honor Code. Cheating and/or plagiarism—passing off work as your own that is not—will result in an F for your final grade in this class. It is your responsibility to understand what constitutes plagiarism and familiarize yourself with the Honor Code. The official GMU policies are available from the Office of Academic Integrity: <a href="http://academicintegrity.gmu.edu/">http://academicintegrity.gmu.edu/</a>. Please consult with me about questions *prior* to turning in assignments. See also Assignment Procedures.

### 

\*\*This syllabus is subject to change but if changes are made, aside from slight weekly content adjustments, they will be clearly communicated via Blackboard\*\*
