

GGS103-Human Geography ***SYLLABUS***

Course Information

Course Number: GGS103 DL2
Course Title: Human Geography
Term: Spring 2023
Class Meetings: ONLINE
Location: Blackboard

Professor Contact Information

Professor: Ronald Luna, PhD
Email: rluna5@gmu.edu
Office Hours: By Appointment/Zoom

Course Description:

Overview of major ideas and approaches to studying spatial aspects of human social and behavioral systems. Surveys distribution and movement of human populations, characteristics and distribution of cultural mosaics, patterns of economic interdependence, and study of forces of cooperation and conflict among people from global perspective.

GGS 103 SATISFIES THE MASON CORE SOCIAL AND BEHAVIORAL SCIENCES REQUIREMENT.

LEARNING OUTCOMES

1. Explain how individuals, groups or institutions are influenced by contextual factors
2. Demonstrate awareness of changes in social and cultural constructs
3. Use appropriate methods and resources to apply social and behavioral science concepts, terminology, principles and theories in the analysis of significant human issues, past or present
4. Use geographic tools and data sources to interpret the distribution of spatial phenomena, especially the unequal distribution of phenomena
5. Explain how people are influenced by contextual factors and interact with their surrounding physical and socio-cultural environments and landscapes
6. Regarding the relationship between human activity and space, place, and landscape, ask and answer: Why this, here? Why that, there?
7. Demonstrate awareness of changes in social and cultural constructs

Course Prerequisites: None

Required Textbooks (Available Free Online): All textbook are suggested and not required. Can be used for additional support with lecture topics.

Breakdown of the class activities and assignments:

Planning and Preparing	Critiquing and Revising
Quizzes	Students will be asked to complete quiz based on information from that module. Quizzes will include both short answer and multiple choice questions.
Database Research	Each module , students will work with different datasets, building skills and accumulating knowledge which they can apply and incorporate into their final project. The instructor will also provide reflection questions to expand on important concepts introduced in each dataset. Students will receive feedback from the instructor on ways to improve their analysis in anticipation of the final paper and project.
Reflection Assignments	Each module , students will be asked to submit a short written response to a key question based on that week's module. Some reflection questions will incorporate material from course videos and/or datasets reviewed that week. Students will receive feedback from the instructor in anticipation of upcoming assignments or quizzes.
Videos/Articles	Several short documentaries and/or TED Talks will be posted on ELMS for your review. Material from these required videos/articles will be used to answer your reflection questions. Students are expected to watch the assigned videos or read the articles. All videos will be made available by the start of each week.
Final Project	In the second half of the course, students will begin to work on their final project; planning out their paper and power point presentation. Students will submit progress reports to their instructor and obtain feedback on key project components.

Point Distribution: Assignments fall into one of two categories (individual or final project).

Individual Assignments (80%)

Quizzes – 130 points

- Pre-module quiz 10 points
- Quiz #1 – 40 points
- Quiz #2 – 40 points
- Quiz #3 – 40 points

Reflection Assignments – 120 points

- Reflection #1 – 40 points
- Reflection #2 – 40 points

- Reflection #3 – 40 points

Final Project (20%) -90 points

Background Report – 40 points

Final Development Plan - 50 points

Total: 340 Points

Grading Plus/Minus Grading:

All assignments will be given a numerical grade on a 100-point scale. At the end of the semester, your overall numerical grade will be calculated based on points earned with relative assignment weights applied. It will then be converted to a letter grade using the following scale.

100-93 = A

92-90 = A-

89-87 = B+

86-83 = B

82-80 = B-

79-77 = C+

76-73 = C

72-70 = C-

69-67 = D+

66-63 = D

62-60 = D-

59-0 = F

All grades will be determined by the above method. **There will be no extra credit assignments.**

Course & Instructor Policies

Writing Guidelines for Reflection Assignments:

All reflection assignments should follow the same writing guidelines, including:

- Title of your paper
- Double-spaced
- 12-point font
- Times New Roman font
- One-inch margins
- Page numbers top right corner
- Sections headings
- No extra spacing between paragraphs

Writing Guidelines for Final Project:

The background report and the final development plan should follow the same writing guidelines, including:

- Cover page with name, date, course and section number, and the title of your paper
- 6 pages in length minimum
- Double-spaced
- 12-point font
- Times New Roman font
- One-inch margins

- Page numbers top right corner (excluding cover page)
- Sections headings
- No extra spacing between paragraphs
- Support from a minimum of three credible sources and two databases highlighted in the course material.
- A complete bibliography. Please adhere to proper APA citation format, including both in-text/parenthetical citations and final references. For more information please see: <https://owl.english.purdue.edu/owl/resource/560/02/>

A sample paper with much of the format describe above can be found here: <https://owl.english.purdue.edu/owl/resource/560/18/>;

Email: If you send an email to the Instructor regarding this course please put in the subject **course number** for a quick response. I aim to answer most email within a 24-hour period during the work week.

Technology Requirements:

Make sure you have **strong** internet access throughout the semester. Tests/Quizzes where connection is lost may result in a 0 as they will automatically submit. Microsoft word/PowerPoint access, and a reliable computer is needed. Submit assignments in word or pdf unless otherwise specified. Please do not submit .pages or other format files. You have unlimited submissions on any assignment up to the due date.

Late Assignments: Late Assignments are strictly **NOT** accepted unless there is **prior** approval. Please see announcements and class schedule for detailed due dates.

Plagiarism and Honor Code

Plagiarism will not be tolerated. Make sure to complete your own work. When doing please use proper citation. Please refer to the school’s plagiarism codes. It is expected that students adhere to the George Mason University Honor Code as it relates to integrity regarding coursework and grades. The Honor Code reads as follows: “To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the University Community have set forth this: Student members of the George Mason University community pledge not to cheat, plagiarize, steal and/or lie in matters related to academic work.” More information about the Honor Code, including definitions of cheating, lying, and plagiarism, can be found at the Office of Academic Integrity website at <http://oai.gmu.edu>

American with Disabilities Act

If you think or know that you need an accommodation based on a disability, you are encouraged to contact a counselor for Disability Services in the Counseling Center to discuss possible accommodations. All information is kept confidential and may increase your chances of success in the academic setting. Disability Services at George Mason University is committed to providing equitable access to learning opportunities for all students by upholding the laws that ensure equal treatment of people with disabilities. If you are seeking accommodations for this class, please first visit <https://ds.gmu.edu/> for detailed information about the Disability Services registration process. Then please discuss your approved accommodations with me. Disability Services is located in Student Union Building I (SUB I), Suite 2500. Email: ods@gmu.edu | Phone: (703) 993-2474
